### **WHITMAN-HANSON PHOENIX PROJECT AGENDA**

Time: 7:00 p.m.

Place: Library, Whitman-Hanson Regional High School

Date: April 2, 2008

*"Our local school districts continue to struggle with increasing class sizes, program cuts and fewer teachers. Increased funding for our schools is essential to ensure that all children receive a quality education as constitutionally required....The current foundation budget is simply not sufficient to enable all students to meet state standards."*

*"The most important issue facing this state is not the distribution of the funding; rather, it is the need to provide adequate funding for all school districts. The only way to solve this problem is to increase the foundation budget." Rationale for the Adequacy Study*
